The $CAMH dissENGAGE
Brain Disease BREAKTHROUGH
CHALLENGE!
#CAMH #ENGAGE for the #BREAKTHROUGH #CHALLENGED: #CAMH (The Centre for Addiction and Mental Health in Toronto, Canada) raises hundreds of millions of dollars #exploiting #schizophrenia in #mercenary and totally #misleading so-called #breakthrough #campaign #challenges (even the idea stolen from another charity, from #ALS!) while short-changing and mistreating people diagnosed with #schizophrenia out of miserable, less-than-storefront so-called #clinics like #Archway on #QueenWestin #Parkdale #Toronto #Canada. This is #scandalous #abuse. I say we should #boycott all such #unbalanced and #fraudulent #fundraising till #CAMH redresses its current #unhealthy for #mentalhealth #imbalance between #endless #research for (ever elusive) #cure and (urgently needed) #care. Boycotting #CAMH #Engage and it's misleading media #circus spinners (spinners and #propagandists like #Tapscott and #McCain) - that's the only "vote" for #MentalHealth. EVERY #VOTEengage is a vote for #BrainDisease #QUACKERY! Boycott the #CAMH (NO) #ENGAGE NO #BREAKTHROUGH #CAMPAIGN #CHALLENGE! #ABSTAIN!
